

Use this form to request an automatic distribution from an IRA (Traditional, Roth, SIMPLE or SEP/SARSEP). Do not use this form for substantially equal periodic payments, to remove your required minimum distribution or for accounts for which Capital Bank and Trust Company (CB&T) is not the custodian.

## 2 Instructions

If you need additional space, attach a separate page with instructions.

### Step 1: Select payment frequency and start date — required

All distributions will occur **annually** unless otherwise elected:

☐ Monthly ☐ Quarterly ☐ Semiannually

**Start date:** Make the first distribution on \_\_\_\_\_  
(mm/dd/yyyy)

**Note:** We must receive this form at least 10 calendar days prior to the start date. Otherwise, a signature guarantee is required.

### Step 2: Determine how assets will be removed from your account.

Specify the funds and amounts or percentages below. For fund names and numbers, review your statement or access your account at [www.capitalgroup.com](http://www.capitalgroup.com).

| Fund name or number | Amount<br>(\$50 min. per fund) | Annual withdrawal<br>percentage* |
|---------------------|--------------------------------|----------------------------------|
| _____               | \$ _____                       | OR _____%                        |
| _____               | \$ _____                       | OR _____%                        |
| _____               | \$ _____                       | OR _____%                        |
| _____               | \$ _____                       | OR _____%                        |
| Total \$ _____      |                                | OR _____%                        |

\*For annual percentage withdrawals, the dollar amount of the automatic withdrawal is recalculated based on the percentage designated, the frequency of the transactions and the account value on each withdrawal date. For example, if you request a 12% annual withdrawal, drafted monthly, you will receive 1% each month. Because of market fluctuation and the amount of any previous withdrawals, the actual withdrawal amount will vary with each transaction.

### Step 3: Choose a stop date — optional

Transactions should stop on the following date \_\_\_\_\_  
(mm/dd/yyyy)

### 3 Method of payment (How do you want to receive the funds?)

Select one.

- A. ☐ Reinvest my distribution in an American Funds account on which I am listed as an owner in the account registration.

List the account number here \_\_\_\_\_ (Assets will remain in the same share class.)

| Fund name or number | Amount   | Percentage |
|---------------------|----------|------------|
| _____               | \$ _____ | OR _____%  |
| _____               | \$ _____ | OR _____%  |
| _____               | \$ _____ | OR _____%  |
| _____               | \$ _____ | OR _____%  |
| Total \$ _____      |          | OR _____%  |

- B. ☐ Electronically deposit the distribution(s) into my bank account. **A signature guarantee may be required in Section 7.**  
(Payments will be delivered to your bank within three (3) business days following each distribution. Follow the instructions in Section 4.)

## 5 Federal income tax withholding

*If you are a nonresident alien (NRA), 30% NRA withholding may apply to the distribution.*

**Note:** A portion of your Roth IRA distribution may be taxable; contact your tax advisor for guidance.

Federal law requires us to withhold income tax equal to 10% of the distribution **unless** you elect otherwise using the check boxes below. **Taxes are withheld from the total amount requested.** Refer to IRS Form W-4R for additional information. Insufficient withholding or underpayment of estimated taxes may result in IRS penalties.

☐ **DO NOT** withhold federal taxes. Your U.S. residence address is required to honor this request (**no P.O. boxes**).

\*Rates that include decimals will be rounded to the nearest whole number.

## 6 State income tax withholding

If your state requires withholding or if the amount you enter below is less than the minimum for your state, CB&T will withhold at least the minimum state tax. CB&T does not withhold state taxes for all states.

I authorize the bank to accept any such credit or debit to my account without responsibility for its correctness.

In consideration of CB&T acting on such instructions and processing such transactions, or should I not be entitled to all or any part of the payments for which I have applied, I agree to hold harmless and indemnify CB&T; any of its affiliates or mutual funds managed by such affiliates; and each of their respective directors; trustees; officers; employees; and agents from any losses, expenses, costs or liability (including attorney fees) that may be incurred as a result of CB&T acting on such instructions. In addition, if direct deposit payments are requested, I understand that this option may be terminated by me at any time by telephone or written notification to CB&T. Your withholding rate is determined by the type of payment you will receive.

- For nonperiodic payments, the default withholding rate is 10%. You can choose to have a different rate by entering a rate between 0% and 100% on line 2. Generally, you can't choose less than 10% for payments to be delivered outside the United States and its territories.
- For an eligible rollover distribution, the default withholding rate is 20%. You can choose a rate greater than 20% by entering the rate on line 2. You may not choose a rate less than 20%.

See page 2 for more information.

## General Instructions

Section references are to the Internal Revenue Code.

**Future developments.** For the latest information about any future developments related to Form W-4R, such as legislation enacted after it was published, go to [www.irs.gov/FormW4R](http://www.irs.gov/FormW4R).

**Purpose of form.** Complete Form W-4R to have payers withhold the correct amount of federal income tax from your nonperiodic payment or eligible rollover distribution from an employer retirement plan, annuity (including a commercial annuity), or individual retirement arrangement (IRA). See page 2 for the rules and options that are available for each type of payment. Don't use Form W-4R for periodic payments (payments made in installments at regular

intervals over a period of more than 1 year) from these plans or arrangements. Instead, use Form W-4P, Withholding Certificate for Periodic Pension or Annuity Payments. For more information on withholding, see Pub. 505, Tax Withholding and Estimated Tax.

**Caution:** If you have too little tax withheld, you will generally owe tax when you file your tax return and may owe a penalty unless you make timely payments of estimated tax. If too much tax is withheld, you will generally be due a refund when you file your tax return. Your withholding choice (or an election not to have withholding on a nonperiodic payment) will generally apply to any future payment from the same plan or IRA. Submit a new Form W-4R if you want to change your election.

## 2024 Marginal Rate Tables

You may use these tables to help you select the appropriate withholding rate for this payment or distribution. Add your income from all sources and use the column that matches your filing status to find the corresponding rate of withholding. See page 2 for more information on how to use this table.

## General Instructions (*continued*)

**Nonperiodic payments—10% withholding.** Your payer must withhold at a default 10% rate from the taxable amount of nonperiodic payments **unless** you enter a different rate on line 2. Distributions from an IRA that are payable on demand are treated as nonperiodic payments. Note that the default rate of withholding may not be appropriate for your tax situation. You may choose to have no federal income tax withheld by entering “-0-” on line 2. See the specific instructions below for more information. Generally, you are not permitted to elect to have federal income tax withheld at a rate of less than 10% (including “-0-”) on any payments to be delivered outside the United States and its territories.

**Note:** If you don’t give Form W-4R to your payer, you don’t provide an SSN, or the IRS notifies the payer that you gave an incorrect SSN, then the payer must withhold 10% of the payment for federal income tax and can’t honor requests to have a lower (or no) amount withheld. Generally, for payments that began before 2024, your current withholding election (or your default rate) remains in effect unless you submit a Form W-4R.

**Eligible rollover distributions—20% withholding.** Distributions you receive from qualified retirement plans (for example, 401(k) plans and section 457(b) plans maintained by a governmental employer) or tax-sheltered annuities that are eligible to be rolled over to an IRA or qualified plan are subject to a 20% default rate of withholding on the taxable amount of the distribution. You can’t choose withholding at a rate of less than 20% (including “-0-”). Note that the default rate of withholding may be too low for your tax situation. You may choose to enter a rate higher than 20% on line 2. Don’t give Form W-4R to your payer unless you want more than 20% withheld.

Note that the following payments are **not** eligible rollover distributions for purposes of these withholding rules:

- Qualifying “hardship” distributions;
- Distributions required by federal law, such as required minimum distributions;
- Generally, distributions from a pension-linked emergency savings account;
- Eligible distributions to a domestic abuse victim;
- Qualified disaster recovery distributions;
- Qualified birth or adoption distributions; and
- Emergency personal expense distributions.

See Pub. 505 for details. See also *Nonperiodic payments—10% withholding* above.

**Payments to nonresident aliens and foreign estates.** Do not use Form W-4R. See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities, and Pub. 519, U.S. Tax Guide for Aliens, for more information.

**Tax relief for victims of terrorist attacks.** If your disability payments for injuries incurred as a direct result of a terrorist attack are not taxable, enter “-0-” on line 2. See Pub. 3920, Tax Relief for Victims of Terrorist Attacks, for more details.

## Specific Instructions

### Line 1b

For an estate, enter the estate’s employer identification number (EIN) in the area reserved for “Social security number.”

### Line 2

**More withholding.** If you want more than the default rate withheld from your payment, you may enter a higher rate on line 2.

**Less withholding (nonperiodic payments only).** If permitted, you may enter a lower rate on line 2 (including “-0-”) if you want less than the 10% default rate withheld from your payment. If you have already paid, or plan to pay, your tax on this payment through other withholding or estimated tax payments, you may want to enter “-0-”.

**Suggestion for determining withholding.** Consider using the Marginal Rate Tables on page 1 to help you select the appropriate withholding rate for this payment or distribution. The tables are most accurate if the appropriate amount of tax on all other sources of income, deductions, and credits has been paid through other withholding or estimated tax payments. If the appropriate amount of tax on those sources of income has not been paid through other withholding or estimated tax payments, you can pay that tax through withholding on this payment by entering a rate that is greater than the rate in the Marginal Rate Tables.

The marginal tax rate is the rate of tax on each additional dollar of income you receive above a particular amount of income. You can use the table for your filing status as a guide to find a rate of withholding for amounts above the total income level in the table.

To determine the appropriate rate of withholding from the table, do the following. Step 1: Find the rate that corresponds with your total income not including the payment. Step 2: Add your total income and the taxable amount of the payment and find the corresponding rate.

If these two rates are the same, enter that rate on line 2. (See *Example 1* below.)

If the two rates differ, multiply (a) the amount in the lower rate bracket by the rate for that bracket, and (b) the amount in the higher rate bracket by the rate for that bracket. Add these two numbers; this is the expected tax for this payment. To get the rate to have withheld, divide this amount by the taxable amount of the payment. Round up to the next whole number and enter that rate on line 2. (See *Example 2* below.)

If you prefer a simpler approach (but one that may lead to overwithholding), find the rate that corresponds to your total income including the payment and enter that rate on line 2.

**Examples.** Assume the following facts for *Examples 1* and *2*. Your filing status is single. You expect the taxable amount of your payment to be \$20,000. Appropriate amounts have been withheld for all other sources of income and any deductions or credits.

**Example 1.** You expect your total income to be \$62,000 without the payment. Step 1: Because your total income without the payment, \$62,000, is greater than \$61,750 but less than \$115,125, the corresponding rate is 22%. Step 2: Because your total income with the payment, \$82,000, is greater than \$61,750 but less than \$115,125, the corresponding rate is 22%. Because these two rates are the same, enter “22” on line 2.

**Example 2.** You expect your total income to be \$43,700 without the payment. Step 1: Because your total income without the payment, \$43,700, is greater than \$26,200 but less than \$61,750, the corresponding rate is 12%. Step 2: Because your total income with the payment, \$63,700, is

greater than \$61,750 but less than \$115,125, the corresponding rate is 22%. The two rates differ. \$18,050 of the \$20,000 payment is in the lower bracket (\$61,750 less your total income of \$43,700 without the payment), and \$1,950 is in the higher bracket (\$20,000 less the \$18,050 that is in the lower bracket). Multiply \$18,050 by 12% to get \$2,166. Multiply \$1,950 by 22% to get \$429. The sum of these two amounts is \$2,595. This is the estimated tax on your payment. This amount corresponds to 13% of the \$20,000 payment (\$2,595 divided by \$20,000). Enter "13" on line 2.
